PROFESSIONAL SUMMARY

Frontend Engineer with 4+ years of experience building scalable, user-centric web applications. Specialized in React, Next.js, TypeScript, and Tailwind CSS, with a strong focus on performance, maintainability, and modern frontend architecture. Passionate about continuous learning, leveraging new technologies, and contributing to high-impact international projects.

SKILLS & LANGUAGES

Frontend Technologies: React, Next.js, TypeScript, JavaScript, Tailwind CSS, Zustand, Redux, Storybook

CMS & Architecture: Builder.io, Strapi, Contentful, WordPress

Tools & Methodologies: Git, Vercel AI SDK, Agile methodologies, RESTful APIs, Core Web Vitals

Languages: Spanish (Native), English (C2 – EF SET Certificate)

PROFESSIONAL EXPERIENCE

Senior Frontend Engineer — Vairix | 2022 – Present

- Implemented the client-side architecture for conversational tools (agentic chats), successfully managing real-time response streaming, thread handling, and dynamic states using React, Next.js, TypeScript, and the Vercel AI SDK.
- Led the strategic migration of the marketing architecture to a headless CMS (Builder.io) for a high-demand transactional platform.
- Spearheaded the technical challenge of porting native (iOS/Android) user experiences to highly responsive web applications, significantly optimizing overall performance.
- Developed dynamic interfaces for a gamified content platform, integrating robust data validation systems (Zod, Formik) and collaborating closely with backend teams for efficient NestJS API consumption.
- Worked collaboratively within Agile teams alongside international stakeholders to develop high-quality front-end solutions and translate complex business requirements into scalable architectures.

Frontend Web Developer — AvenMess | 2020 – 2022

- Developed and maintained custom web solutions tailored for small and medium-sized businesses using WordPress.
- Autonomously managed the full project lifecycle, from initial requirements gathering and theme customization (UI/UX) to performance optimization (targeting Core Web Vitals) and final deployment.

EDUCATION & CERTIFICATIONS

Universidad Tecnológica Nacional (UTN FRLP) — Systems Information Engineering (completed 2nd year) | 2019 – 2021

React from 0 to Expert — Udemy Certification | 2021

Responsive Web Design Fundamentals — FreeCodeCamp Certification | 2020
